

ATTENTION VACANT PROPERTY OWNERS!

Let Us Help You Fill Your Space

The Program

Stakeholders focused on neighborhood revitalization have created a program laser-focused on transforming vacant commercial properties into thriving small businesses. This program will:

- Identify small businesses that wish to expand into brick-and-mortar spaces
- Provide eligible businesses coaching and educational services.
- Connect businesses with the owners of vacant commercial properties.
- Provide funds these businesses can use to facilitate their transition into vacant properties.

Identify and select eligible businesses for the program

Provide support services to eligible businesses

Connect business and property owners

Transition to brick-and-mortar space

Everyone Wins

There are far too many vacant commercial properties in disinvested neighborhoods. Our goal is to support property owners struggling to fill their commercial spaces by connecting them with potential tenants with the knowledge and resources to transition into a brick-and-mortar space.

Please reach out to us so we can learn more about your properties, tell you more about this program, foster meaningful opportunities with prospective tenants and further collaborate.

Please contact us at the number below or reach us through our website at smallbusinessadvocacycouncil.org/wrt-home. We look forward to hearing from you!
